About This Content

EARLY ACCESS

Why Early Access?

The PFRPG2 ruleset is still evolving and being developed. The built-in PFRPG2 ruleset is functional, but not functionally complete. Doomsday Dawn is a 7-part adventure with set playtest periods meant to solicit feedback for the Pathfinder 2.0 roleplaying game. New Parts will be added after launch, with Parts 1, 2, 3, 4, 5, and 6 available now. Our goal is to have necessary functionality available alongside updated content at each of the dates below to allow for testing and for groups to play through the new content as it arises. Based on feedback received by Paizo, they will adjust the final gameplay mechanics and content for Pathfinder 2.0 and this will be modified within the PFRPG2 ruleset within Fantasy Grounds. The official Pathfinder 2.0 game system and updated PFRPG2 ruleset is scheduled for Summer 2019. You can read more about the Pathfinder 2.0 Playtest at Paizo's website.

Playtest Feedback Timelines From Paizo:

- Part 2 – up to September 9th.
- Part 3 – September 10th to September 23rd.
- Part 4 – September 24th to October 7th.
- Part 5 – October 7th to October 21st.
- Part 6 – October 22nd to November 4th.
- Part 7 – November 5th to November 18th.

Pathfinder Playtest Adventure: Doomsday Dawn

The Final Countdown!

Mysterious ancient artifacts from sand-choked Osirion count down the years until a rare planetary conjunction that will align Pathfinder's world of Golarion with the hostile planet Aucturn, allowing the ravenous hordes of the Dominion of the Black to surge forth and harvest the brains of the Inner Sea, remaking the world in their terrible, alien image. Doomsday Dawntakes the heroes on a decade-long journey throughout Golarion as they attempt to understand and defeat the otherworldly menace and avoid utter catastrophe. This collection of seven multi-encounter scenarios is designed to introduce the Pathfinder Playtest rules in a guided, shared playtest experience coinciding with regular surveys and feedback from players like you!

CHARACTER BACKGROUNDS

During character creation, players each select a background for their characters. The Pathfinder Playtest Rulebook presents a variety of backgrounds that can be used for any type of character, but for Adventure Paths and other significant adventures, we'll be providing campaign-specific backgrounds players can choose from to help their characters more directly fit into the campaign's plotline.

In Doomsday Dawn, players must select from the following unique character backgrounds while creating characters for "The Lost Star." See pages 38-39 of the Pathfinder Playtest Rulebook for more on backgrounds.

BUDDING OSIRIONOLOGIST

The secrets buried in the seemingly endless sands of the nation of Osirion have long intrigued you, even though you've never actually visited the nation. Some day, you hope to correct that. Choose two ability boosts. One must be to Dexterity or Intelligence, and one is a free ability boost.

You gain the Terrain Stalker (rubble) feat, and you're trained in the Ancient Osirion Lore skill.

ESOTERIC SCION

One of your family members belongs to a semisecret society called the Esoteric Order of the Palatine Eye. You've long held an interest in perhaps some day joining the order and have

DDO1 - 09.A08 ROOM OF RUINED R

A narrow flight of stairs winds downward, descending into this circular chamber. Stone biers line the walls, but the bodies that may have once rested upon them now lie scattered across the floor.

Creatures: Drakus's presence in the complex has corrupted this once-sacred chamber, which used to house bodies until they could be properly cleansed and buried. The six bodies that were allowed to linger here unattended to have risen from death as skeletons. When Drakus first entered the room months ago, these undead rose up to challenge him, Drakus retreated, and upon seeing that the skeletons simply fell to the ground rather than pursuing him, decided it was best to simply leave this room as-is until he figured out a way to command the skeletons to do his bidding.

The skeletons swiftly rise up to attack any intruders in the room, and they fight until destroyed. They have no desire to leave their resting place, and do not pursue foes up the stairs out of the room.

6 Skeleton Guards (Encounter) - Severe 1

Treasure: Anyone who digs through to the bottom of the corpse pile or seeks the corpse pile for details and succeeds at a DC 13 Perception check finds the body of Vironn Tamrith, a young Pathfinder who ventured into the sewers upon hearing rumors of a marauding gang in the depths. He was one of Drakus's first victims. On his body, the PCs can find a scroll of shocking grasp, a wayfinder, 4 sp, and 31 cp.
